The Clerk read aloud the public hearing notice as it appeared in the newspaper.

Clerk Blot explained that this local law is to amend sections of the code book. She said that over the course of the past few years a small committee has been going through the code book and making amendments as needed. She added that there are still areas that remain that need to be addressed. Many of these areas are simple oversights that were put into our Village code at one time and over the years those areas may have changed and now our code supersedes the state law, and these amendments are putting our code back in line with the state laws. She said that the amendments were regarding requirements for public hearing notification and public access to records.

Additionally, the Clerk said that the building department has added some changes, and is adding a new section to the code, Chapter 215 entitled "Trailers" which will address storage and restrictions of detachable trailers.

There were no further questions or comments from the board or public.

Trustee Prevratil made a motion to close the public hearing.
Motion seconded by Trustee Stevens.
